Refund Genie asset review

D-045: Mark 5 refinements, six original genies and revised home scenes. Original candidates are included for comparison.

Ganesh picked original Mark 5 as the direction. The curling smoke-arrow refinements and mascot remain draft candidates. No final, SVG, favicon or product placement is authorised.

New batch: 12 low-quality images. The spend ledger counts every attempt, including retries, against 40. See the repository ledger for the exact final count; estimated requests are not billed costs.

Review the mark at 32/48/64px, the mascot full body and its 64px head, and the two home scenes. Everything shown is original draft art from text prompts, not copied reference images.

Known original-draft issues: broad margins reduce apparent mark size; mark 8 reads as a table lamp; home scenes had airport-style boards. New variants are next in this PDF. No new generation is automatic.

Original Mark 1
